Notes

- a) Match fees of 50p per player were collected in 11 home matches, but in 2 games the team was 1 man short, and 4 guests were not charged, making a total of $(121-6) = 115$ fees collected.
- b) Teas were provided in 10 matches, at 15p each on 8 occasions and 25p each on 2 occasions, giving $(179 \times 15p + 44 \times 25p) = £37.85$.
An extra expenditure of 43p (for spectators teas) was unexpectedly incurred on 4th June (vs Elvet Optimists).
